# WELCOME!

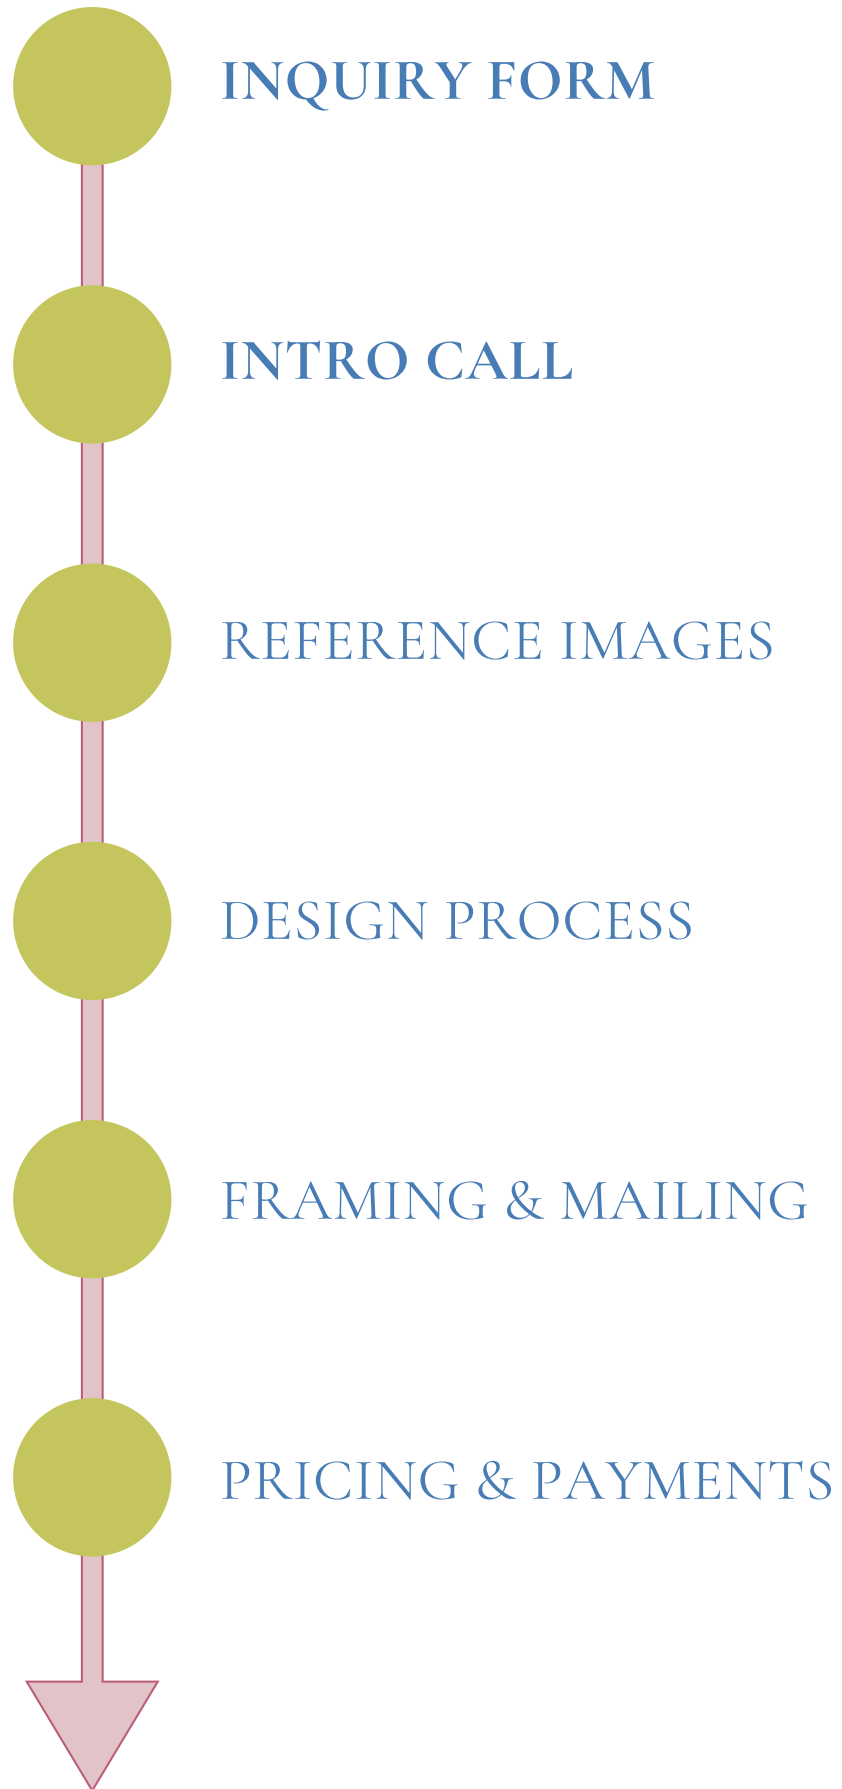

Thank you for considering working together!  
Let me first say, I love what I do. Painting weddings and homes brings me so much joy. They are both such special milestones in one's life and I am so lucky to help people commemorate them with a custom painting.

Please do not hesitate to reach out with any questions via email ([ansleysart@gmail.com](mailto:ansleysart@gmail.com)) or on [ansleysart.com](http://ansleysart.com).

# THE PROCESS

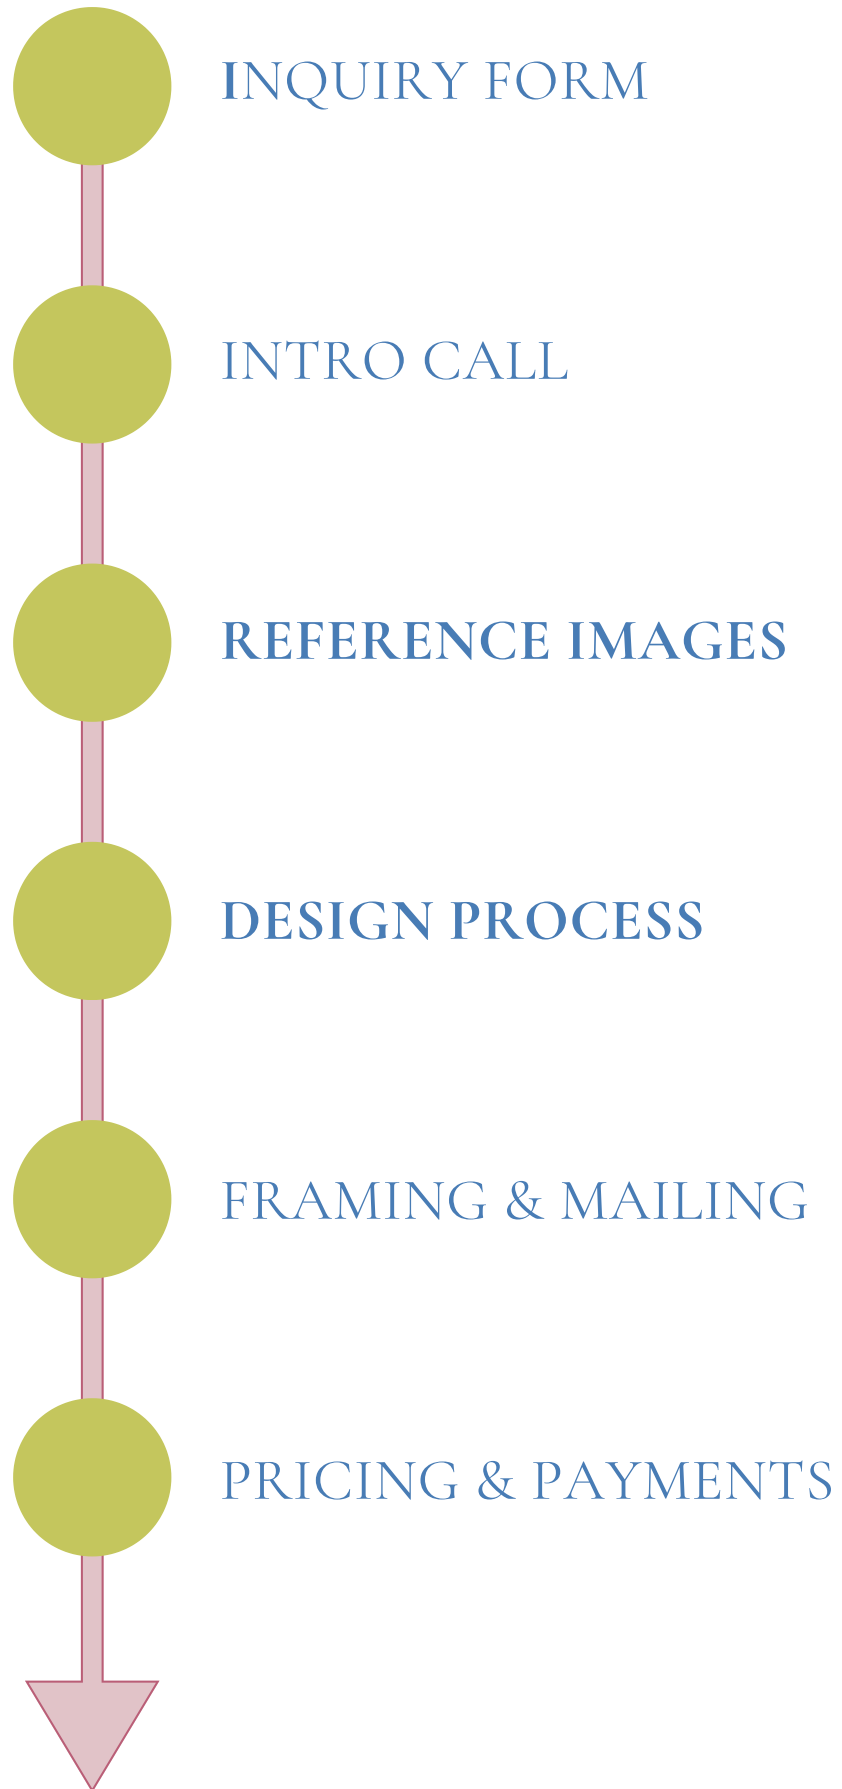

# INQUIRY FORM & INTRO CALL

You can inquire via the form on the [contact webpage](#) or via the form at the bottom of the [homepage](#). Once I receive your inquiry, I send a commission form to gather all of the information needed for us working together (e.g. mailing address, completion date, etc.).

Next, we can schedule a call to chat through your painting and all its details. I like to hear directly from you what's most important about your painting. This call also allows me to form a better connection with my clients, which I channel when painting each custom piece.

# REFERENCE IMAGES & DESIGN PROCESS

Prior to our call, I do request reference images (which can be emailed to [ansleysart@gmail.com](mailto:ansleysart@gmail.com)). We will discuss palette, composition, and any details in the scene you may want removed/added/edited. Once we nail the design of your painting, I will send a formal invoice.

For home portraits, pricing for a standard size (e.g. 5"x7" or 8"x10") typically remains similar to the price listed on my website. For wedding portraits however, the design and pricing tend to vary more between each project.

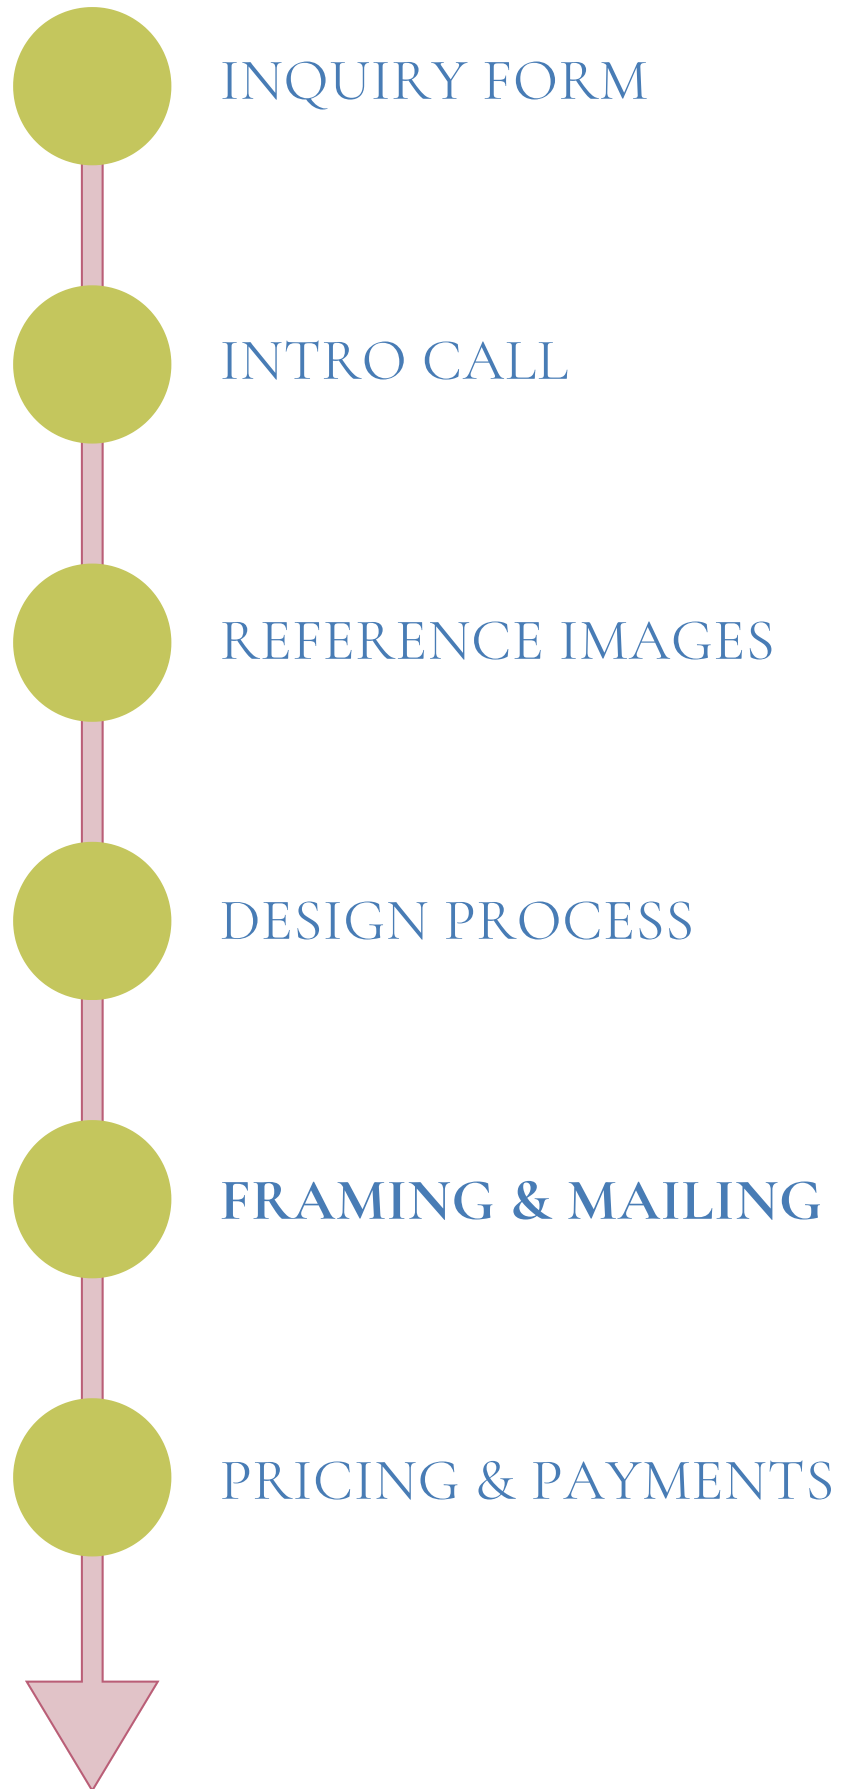

# REFERENCE IMAGES

Please ensure your reference images are clear and evenly lit, exclude filters, and are approximately the composition you would like for your portrait.  
These requirements may not apply to some supplemental references images.

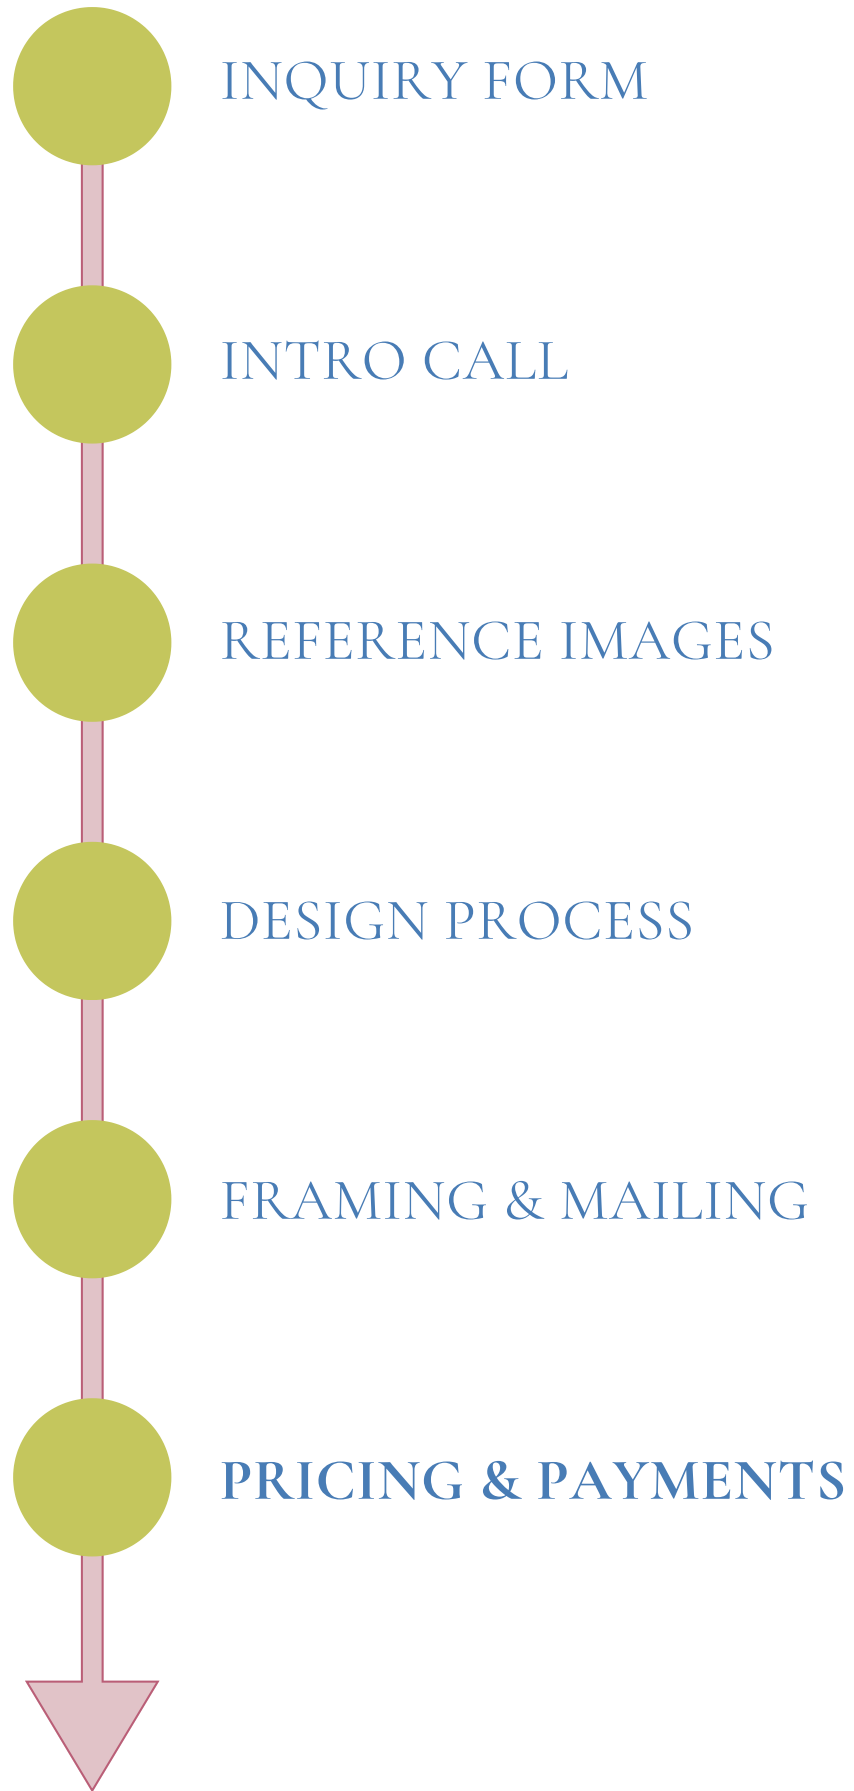

# FRAMING & MAILING

At this time, I only offer matting/framing services for standard-sized paintings. If your painting is non-standard size and requires custom framing, I am more than happy to advise on design. Also for non-standard size paintings, if interested, please inquire about custom mat size options for standard frames. These services are billed hourly.

If you would like your painting matted/framed prior to shipment (as opposed to just assistance with selecting a mat and frame), we can discuss options! This service is particularly nice if you have commissioned your painting as a gift.

# PRICING & PAYMENTS

As mentioned earlier, pricing is generally standard for standard-sized home portraits and can vary for wedding portraits. After our intro call, I will provide the formal invoice (I am happy to provide an approximation prior to this).

Payments may be made in one or two installments. If paid in two installments, there will be a 50% deposit (paid prior to beginning the painting) and another 50% (paid prior to shipment/delivery). If paid in full, a 5% discount will be applied.
